**Addendum 1****January 27, 2011****PON-10-501****GRANT SOLICITATION APPLICATION PACKAGE****Geothermal Resources Development Account Program**

The purpose of this addendum is to:

- 1) Clarify the Due Dates
- 2) Correct the Table of contents
- 3) Correct various references throughout the application manual.

1) Clarify the Due Dates

Section A Page 1:

Application Deadlines: Applicants are required to submit both a Pre-Application and Final Application to be eligible for funding. The Application due dates are:

Pre-Application: February ~~24~~22, 2011, 4:00 p.m.
Final Application: April ~~6~~21, 2011, 4:00 p.m.

2) Table of contents

<u>E.14</u>	<u>CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)</u>	10
<u>E.1415</u>	<u>PERMITS</u>	10
<u>E.1516</u>	<u>TERMS AND CONDITIONS</u>	11

<u>E.2223</u>	<u>GROUND FOR REJECTION</u>	14
<u>E.2324</u>	<u>ENERGY COMMISSION POLICIES</u>	14

2) Reference corrections

D. Overriding Issues

This solicitation will provide preferential scoring for topics that are of particular interest to accelerate the development of geothermal resources. Applications that address these specific overriding issues will be considered for points under “Overriding Issues” (See ~~Appendix A~~ Exhibit D). The overriding issues are:

E.11 Selection/Scoring of Applications

Applications will be scored by a Technical Advisory Committee based on the criteria in ~~APPENDIX A~~ Exhibit D. Not all Applicants who obtain a passing score will necessarily be funded. Projects will be ranked within each category in order from the highest to the lowest score.

E.13 Prevailing Wage (Paragraph 3)

...

If the proposed project is a public work, DIR maintains a list of covered trades and the applicable prevailing wage. The grant agreement will include the requirements for a public works project, such as paying prevailing wage, keeping payroll records, complying with working hour requirements, and apprenticeship obligations. See ~~the Special Condition regarding Prevailing Wage (Appendix B)~~ section 24 of the Terms and Conditions (Exhibit C of the Application Manual), which discusses in more detail situations for which prevailing wages must be paid. If a funded project involves public works, specific terms and conditions will apply and all payment requests will require certification that prevailing wages have been paid. Common questions about prevailing wage are addressed in ~~Appendix C~~ Exhibit E.

F. Application Requirements

Before developing a written proposal, Applicants should first determine the appropriate category for the project (Section ~~DC~~), Prevailing Wage (Section E-13), CEQA (Section E-14) or other permitting (Section E-15) regulations apply. In addition, carefully consider the Administrative and Technical structure of the project, taking into account GRDA requirements for administration and reporting (see ~~Appendix D~~ Exhibit A). Keeping the structure simple and the number of tasks to a minimum will make project management and reporting easier.

F.2 Pre-Application

- d. **Work Statement** (see ~~Appendix D~~ Exhibit A). A work statement describing the tasks to be undertaken. Note that specific Administrative Tasks (Tasks 1.1-1.7, see ~~Appendix D~~ Exhibit A) must be included in the budget and task descriptions. Administrative tasks must follow the structure shown in the template. Technical tasks may be written to fit the technical need of the project.
